ORDER ADDING PRIORITY MAIL & PARCEL SELECT CONTRACT 2  
TO THE COMPETITIVE PRODUCT LIST

(Issued November 4, 2016)

I. INTRODUCTION

The Postal Service seeks to add a new product identified as Priority Mail & Parcel Select Contract 2 to the competitive product list.<sup>1</sup> For the reasons discussed below, the Commission approves the Request.

---

<sup>1</sup> Request of the United States Postal Service to Add Priority Mail & Parcel Select Contract 2 to Competitive Product List and Notice of Filing (Under Seal) of Unredacted Governors' Decision, Contract, and Supporting Data, October 26, 2016 (Request).

## II. BACKGROUND

On October 26, 2016, in accordance with 39 U.S.C. § 3642 and 39 C.F.R. §§ 3020.30-.35, the Postal Service filed the Request, along with supporting documents. In the Request, the Postal Service asserts that Priority Mail & Parcel Select Contract 2 is a competitive product that establishes rates “not of general applicability” within the meaning of 39 U.S.C. § 3632(b)(3). Request at 1. Among the supporting documents, the Postal Service included a copy of the Governors’ Decision authorizing the product, a contract related to the proposed new product, requested changes to the competitive product list, a statement supporting the Request, a certification of compliance with 39 U.S.C. § 3633(a), and financial workpapers. In addition, the Postal Service submitted an application for non-public treatment of materials requesting that unredacted portions of the Governors’ Decision and the contract, customer-identifying information, and related financial information remain under seal. *Id.* Attachment F.<sup>2</sup>

The contract is intended to take effect two business days following the day on which the Commission issues all regulatory approval. Request, Attachment B at 7. It is set to expire three years from the effective date, unless terminated, extended, superseded, or otherwise required under the terms of the contract. *Id.*

On October 27, 2016, the Commission provided public notice of the Postal Service’s filing; established the instant docket for consideration of the filing’s consistency with applicable statutory policies and Commission regulations; appointed a Public Representative; and provided an opportunity to comment.<sup>3</sup>

---

<sup>2</sup> In its application for non-public treatment of materials, the Postal Service asks the Commission to protect customer-identifying information from public disclosure indefinitely. *Id.* at 1, 7. The Commission has consistently denied similar requests for indefinite protection. See, e.g., Docket Nos. MC2011-1 and CP2011-2, Order No. 563, Order Approving Express Mail Contract 9 Negotiated Service Agreement, October 20, 2010, at 6-7.

### III. COMMENTS

The Public Representative filed comments on November 3, 2016.<sup>4</sup> No other interested person filed comments. The Public Representative concludes that the Postal Service's Request to add Priority Mail & Parcel Select Contract 2 to the competitive product list is appropriate. PR Comments at 2. The Public Representative also concludes that the contract's prices should generate sufficient revenue to comply with the requirements of 39 U.S.C. § 3633(a) during the first year of the contract. *Id.* at 3. In addition, he concludes the price adjustment mechanism included in the contract should improve the likelihood that the contract will meet the requirements of 39 U.S.C. § 3633(a) over its lifetime. *Id.*

### IV. COMMISSION ANALYSIS

The Commission has reviewed the Request, the contract, the supporting data filed under seal, and the Public Representative's comments.

*Product list requirements.* The Commission's statutory responsibilities when evaluating the Request include assigning Priority Mail & Parcel Select Contract 2 to either the market dominant or competitive product list. See 39 U.S.C. § 3642(b)(1); 39 C.F.R. § 3020.34. Before adding a product to the competitive product list, the Commission must determine that the Postal Service does not exercise sufficient market power that it can effectively set the price of the product substantially above costs, raise prices significantly, decrease quality, or decrease output, without the risk of losing a significant level of business to other firms offering similar products. See 39 U.S.C. § 3642(b)(1). In addition, the Commission must consider the availability and nature of private sector enterprises engaged in delivering the product, the views of those who use the product, and the likely impact on small business concerns. See 39 U.S.C. § 3642(b)(3); 39 C.F.R. §§ 3020.32(f), (g), and (h).

<sup>4</sup> Public Representative Comments on Request of the United States Postal Service to Add Priority Mail & Parcel Select Contract 2 to the Competitive Product List, November 3, 2016 (PR Comments).

The Postal Service asserts that it provides postal services of the kind provided under the contract in a highly competitive market, that other shippers who provide similar services constrain its bargaining position, and that it can therefore neither raise prices nor decrease service, quality, or output without risking the loss of business to competitors. Request, Attachment D at 2. The Postal Service states that the contract partner supports the Request, that expedited shipping is widely available from private firms, and that the Postal Service is unaware of any small business concerns that could offer comparable services to the contract partner. *Id.* at 3.

The Commission finds that the Postal Service does not exercise sufficient market power that it can effectively set the price of the proposed product substantially above costs, raise prices significantly, decrease quality, or decrease output, without the risk of losing a significant level of business to other firms offering similar products. The availability of other private sector providers supports this conclusion. The contract partner and the Public Representative support the addition of the Priority Mail & Parcel Select Contract 2 product to the competitive product list. Further, there is no evidence of an adverse impact on small businesses. For these reasons, having considered the relevant statutory and regulatory requirements, the comments filed, and the Postal Service's supporting justification, the Commission finds that Priority Mail & Parcel Select Contract 2 is appropriately classified as competitive and is added to the competitive product list.

*Cost considerations.* Because the Commission finds Priority Mail & Parcel Select Contract 2 to be a competitive product, the Postal Service must also show that the contract covers its attributable costs, does not cause market dominant products to subsidize competitive products as a whole, and contributes to the Postal Service's institutional costs. 39 U.S.C. § 3633(a); 39 C.F.R. §§ 3015.5 and 3015.7. As long as the revenue generated by the contract exceeds its attributable costs, the contract is unlikely to reduce the contribution of competitive products as a whole or to adversely affect the ability of competitive products as a whole to contribute an appropriate share of

institutional costs. In other words, if the contract covers its attributable costs, it is likely to comply with 39 U.S.C. § 3633(a).

Based on a review of the record, the Commission finds that the rates during the first year of the contract should cover the contract's attributable costs. 39 U.S.C. § 3633(a)(2). The contract contains a price adjustment provision that adjusts contract rates during subsequent contract years. Request, Attachment B at 4-5. The contract's price adjustments should not impact the likelihood that the rates will cover attributable costs during the subsequent contract years because the cost coverage is sufficiently high in the first year. For these reasons, the Commission also finds that the contract should not result in competitive products as a whole being subsidized by market dominant products, in accordance with 39 U.S.C. § 3633(a)(1). Similarly, the Commission finds the contract is unlikely to prevent competitive products as a whole from contributing an appropriate share of institutional costs, consistent with 39 U.S.C. § 3633(a)(3). See also 39 C.F.R. § 3015.7(c). Accordingly, a preliminary review of the contract indicates it is consistent with section 3633(a).

The Commission will review the contract's cost coverage and the contribution of competitive products as a whole to the Postal Service's institutional costs in the Commission's Annual Compliance Determination to ensure that they continue to comply with 39 U.S.C. § 3633(a).

*Other considerations.* By its terms, the contract becomes effective two business days following the day on which the Commission issues all regulatory approval. Request, Attachment B at 7. The contract is scheduled to expire three years from the effective date, unless, among other things, either party terminates the contract by written notice to the other party or it is renewed by mutual agreement.<sup>5</sup>

---

<sup>5</sup> *Id.* Should both parties agree to renew the contract, any such renewal is required to follow the requirements of 39 U.S.C. § 3633 and the Commission's implementing regulations of 39 C.F.R. part 3015.

The contract also contains a provision that allows the parties to extend the contract for two 90-day periods if a successor agreement is being prepared and the Commission is notified at least seven days of the contract expiring.<sup>6</sup> During the extension periods, prices will be adjusted as described in the contract. Request, Attachment B at 7; *see also id.* at 4-5. The Commission finds the two potential 90-day extension periods are reasonable because: (1) prices are automatically adjusted in the extension period; and (2) the extension(s) should assist the Postal Service's contract negotiations by providing additional flexibility.

If the instant contract is terminated prior to the scheduled expiration date, the Postal Service shall promptly file notice of such termination with the Commission in these dockets.

In conclusion, the Commission approves Priority Mail & Parcel Select Contract 2 as a new product. Revisions to the competitive product list and the Mail Classification Schedule appear below the signature of this Order and are effective immediately.

## V. ORDERING PARAGRAPHS

*It is ordered:*

1. Priority Mail & Parcel Select Contract 2 (MC2017-13 and CP2017-29) is added to the competitive product list as a new product under Negotiated Service Agreements, Domestic. Revisions to the competitive product list and the Mail Classification Schedule appear below the signature of this Order and are effective immediately.

---

<sup>6</sup> *Id.* at 7. Notwithstanding the wording of the contract, it is the Commission's understanding that the Postal Service intends to provide notice of an extension at least one week prior to a contract's expiration. Advance notice of at least one week is consistent with the standard set forth in Order No. 1773. Docket Nos. MC2013-54 and CP2013-70, Order No. 1773, Order Adding Priority Mail Contract 60 to the Competitive Product List, July 8, 2013, at 3; *see also* Docket Nos. MC2013-54 and CP2013-70, Response of the United States Postal Service to Chairman's Information Request No. 1, July 1, 2013, question 2; Docket No. CP2009-38, Order No. 1523, Order Granting Motion for Temporary Relief and Providing Guidance Regarding Future Motions for Temporary Relief, November 1, 2012, at 2.

2. The Postal Service shall promptly file notice of the instant contract's termination with the Commission in these dockets if the instant contract terminates prior to the scheduled expiration date.
3. The Secretary shall arrange for publication in the *Federal Register* of an updated product list reflecting the change made in this Order.

By the Commission.

Stacy L. Ruble  
Secretary
